February 2016

It's Annual Meeting Time!

Join us for the RGNA Annual Meeting! The annual meeting will be held on Wednesday, March 9 at 6:30 p.m. at the Brookside Research Medical Center Auditorium.

Directions: The Auditorium is located off of Holmes Street just before the bend to Rockhill Rd (going north). The semi-circular parking lot will be on the left

Guest Speakers

- A representative from Research will talk about programs the Medical Center offers and major redevelopment plans currently underway in and around the Brookside Campus.
- Chuck Etem a realtor with Better Homes and Gardens will discuss current trends in the real estate market. Other topics will include concerns buyers may have when considering our area, remodeling trends (what's getting the best bang for the buck) and what we may be able to do to better market Rockhill Gardens to prospective buyers.

Meeting Topics

- Year-In-Review – Accomplishments from the 2015-2016 year; membership numbers, budget overview
- New Markers – Recent Board discussions have involved the possibility of adding new markers to the east side of Holmes. We would like to get additional input before moving forward. Input from neighbors living east of Holmes is greatly encouraged.

RGNA Board Elections

The Annual Meeting also means it's time to elect officers to the RGNA Board. Kristen Nazar will be stepping down as Communication chair. We want to thank her for her work to produce the newsletter for the last 2 years. If you are interested in becoming more active in the neighborhood, please consider running for Communication or other board positions! If you would like more information about the RGNA board, contact current President Evan Zarchan.

Door Prizes and After Party

We appreciate everyone that can attend the Annual Meeting. There will be a drawing for door prizes from local businesses. In addition, Bier Station will be offering a special discount Wednesday night. Be sure to pick up a coupon for \$1 off pours at the conclusion of the meeting.

THANK YOU BIER STATION!!
